

Online Dual Credit for High School Students

of students who participated in dual credit matriculated to college*

GIVE YOUR STUDENTS A HEAD START IN COLLEGE

We partner with schools and districts to align university courses with high school graduation requirements to offer a college readiness program that meets the needs of your students.

HOW IT WORKS

- 1 A Dedicated Dual Credit Team** - Our goal is to help your school reach its optimal performance by delivering the best student experience. Once the program is determined, our team takes care of all the details so you can focus on running your school.
- 2 Cohort Format** - Dual credit courses are carefully selected in collaboration with the school/district and students stay in cohorts together to ensure we maintain a solid focus on the unique needs of the student.
- 3 University Faculty** - All courses are taught by university faculty alongside a mentor from the host school assigned to ensure student success.
