

BRANDMAN UNIVERSITY

Campus Resource Guide

Enrollment Coaching

When you are considering one of Brandman's degree programs, an enrollment coach is your contact to help you smoothly navigate through the admission process. They will notify you of your status and any supplemental information that may be requested from you. Once you have been admitted, your enrollment coach will connect you with an academic advisor and a One Stop specialist at your campus.

Academic Advising

An academic advisor will be assigned to you after you have been admitted to Brandman University and will assist you throughout the duration of your academic journey. Your academic advisor will work with you to create a personalized Education Plan, which is a comprehensive list of the courses you need to take and their sequence. Academic advisors are available at your local campus to meet with you in person and fully online students can call or attend virtual meetings.

One Stop Student Services

One Stop specialists assist students with creating a plan to pay for their education and are available to answer questions regarding student accounts, tuition and fees, ordering textbooks, filling out financial aid forms and provide updates on financial aid status. You can contact your One Stop specialist by visiting your local campus. They're also available by phone and virtual meetings are available for fully online students.

Office of the Registrar

The Office of the Registrar is responsible for managing student academic records. They assist students by providing Program Evaluations that keep track of current academic program requirements and completed coursework toward your chosen degree, certificate or credential program. The Office of the Registrar also assist students with registration, academic program changes, and transcript ordering. Brandman has partnered with some of the top organizations for military and public service organizations to ensure you are getting the most out of your previous training, education and experience.
