

Student Conduct Code

Introduction

Brandman University (also referred to as the “University”) is primarily an academic community for working students that seeks to maintain an optimal working and learning environment. It is a community with high standards and high expectations for those who choose to become a part of it, including established rules of conduct intended to foster behaviors that are consistent with a civil and educational setting. Members of the University community are expected to comply with all laws and University policies, conducting themselves in ways that support a positive learning environment.

To achieve this objective, the University exercises, among other things, certain disciplinary and discretionary powers. It protects its educational environment by formulating and maintaining standards of conduct for its students as individuals and as groups. These standards reflect the very nature of a university community and the need to preserve an effective educational environment.

The University is specifically concerned when student conduct directly interferes with the University’s primary educational objectives and functions, its subsidiary responsibilities of maintaining an ongoing institution, or the rights or safety of other members of the university community.

The University’s function with reference to the conduct of working students differs from the community’s function in method as well as in scope. Recognizing its role in developing a sense of responsibility in students, the University uses education, example, counseling and guidance, and formal conduct proceedings. Every Brandman University student is presumed to have sufficient maturity, intelligence and concern for the rights of others and the rights of the institution to help maintain the standards of the academic community. When it appears that a student’s behavior may have been a violation of the Student Conduct Code, the University will be guided by this Code in addressing such behavior.

The conduct of all students at Brandman University is governed by this Code as well as its various related policies and procedures. The Student Conduct Code is reviewed annually. This version of the Code supersedes all previous versions, and will serve as the standard for conduct proceedings.

Brandman University adheres to the Joint Statement on Rights and Freedoms of Students published by the [National Association of Student Personnel Administrators \(NASPA\)](#). This Code is intended to implement the general policies set forth in the Joint Statement. However, in the event of any inconsistency between the Joint Statement and this Code, the provisions of this Code shall control.

Students may be withdrawn from current coursework as well as dropped from future coursework falling within the interim suspension period.

- b. A Notice of Interim Suspension will be sent to the student and the hearing process will be initiated as soon as possible from commencement of suspension. The conduct hearing typically will take place within seven (7) days of the imposition of the interim suspension. From time to time circumstances may prevent the hearing from commencing within seven days; however the University will endeavor at all times to move forward with the conduct hearing as expeditiously as possible in light of the circumstances.
- c. The decision to impose an interim suspension is final pending the student conduct hearing. Students do not have the right to appeal the imposition of an interim suspension.

No-Trespassing Order

In certain circumstances, the University may initiate a no-trespassing order which prohibits the student from entering onto campus or other University Premises pending the student's conduct hearing. No-trespassing orders may be initiated for any violation at the discretion and approval of the Executive Vice Chancellor of Enrollment and Student Affairs or designee. A no-trespass order can be applied with both an interim suspension and a conduct sanction.

Reports and Charges

1. Anyone may report an alleged violation of the Student Conduct Code by a student or group of students. Reports shall be prepared in writing and directed to the Executive Vice Chancellor of Enrollment and Student Affairs or designee.
Note: To file a report concerning a faculty or staff member, or to obtain information about doing so, consult with the Campus Director.
2. Documentation of Reports - Any of the following types of documentation may be acceptable as a form of reporting considered for possible conduct review:
 - a. Note to File/Letter of Concern
 - b. Letter of Complaint
 - c. Email
 - d. Police Report
 - e. Report of Academic Integrity Violation
3. Aside from highly exceptional circumstances, any report should be submitted as soon as possible after the alleged violation(s) takes place, but not to exceed six (6) months following discovery of the incident. Exceptions include:
 - a. There are no time constraints restricting the reporting of violations of academic integrity.
 - b. Alleged sexual assault or other behavior which may pose a serious threat to any member of the University Community may be reported at any time. Conduct proceedings involving sexual assault or other very serious matters, will be initiated by the University so long as the alleged respondent remains enrolled or has standing with the University. Standing is determined in accordance with the Catalog. For those respondents who are no longer enrolled with the University, the complaint will be placed into abeyance until such time as the student seeks re-enrollment with the

University. Alleged violations of federal, state, and/or local laws will be reported to the appropriate authorities. Please refer to the University [Title IX Policy](#) for further information.

- c. Students, faculty, and/or staff who believe they have been subject to sex/gender discrimination, sexual misconduct, harassment, domestic violence, dating or other related inappropriate behavior or violence should freely and without fear of retaliation report such misconduct or file a complaint under Title IX with Brandman University's Title IX Coordinator(s).
4. The Executive Vice Chancellor of Enrollment and Student Affairs or designee may conduct an investigation to determine if the charges may have merit, and/or request additional support for the charges. This initial investigation is not an exhaustive examination of the facts. It is intended to allow a determination of whether there is some credible evidence, which if true, supports an allegation that would constitute a violation of this Code.
 - a. If it is determined there is no credible evidence to support a violation of this Code, such determination shall be final and there shall be no subsequent proceedings.
 - b. If it is determined there is credible evidence to support a violation of this Code, the Executive Vice Chancellor of Enrollment and Student Affairs or designee will arrange a conduct hearing by the Regional Conduct Board.
5. If the charges are deemed to have potential merit, the specific charges to be brought will be determined by the Executive Vice Chancellor of Enrollment and Student Affairs or designee who will notify the respondent(s) in writing of the policies they are alleged to have violated.
6. Students will receive notification of the charges and will be notified a hearing will be scheduled. The University will endeavor to make every effort to schedule the hearing as soon as possible after the student is notified of the charges.
7. Once a hearing date has been set, students will receive notification of the hearing date, along with all evidence to be used in the prosecution of charges. The names of other individuals involved in the incident may be omitted, at the University's discretion, in order to protect their privacy, so long as doing so does not impede an accused student's ability to defend him or herself. If there is a dispute about whether information should be disclosed to the accused, it will be resolved by the Regional Conduct Board, whose decision shall be final.

Hearings

1. Hearings shall be conducted by the Regional Conduct Board according to the following guidelines:
 - a. The Regional Conduct Board will make the final decision.
 - b. Hearings are not open to the public. Admission of any person to the hearing shall be at the discretion of the Regional Conduct Board.
 - c. In hearings involving more than one respondent, the Regional Conduct Board at their discretion, may permit the hearings concerning each student to be conducted together with the signed consent of all respondents.
 - d. The parties involved (respondent/complainant) may request the opportunity to face each other and to direct appropriate questions through the Regional Conduct Board. If

the request is approved and the parties have consented to appear, they must maintain professional decorum in the hearing or they will be separated.

- e. The complainant and the respondent have the right to be accompanied by a “support person” (but not one involved in the incident in question) if they so choose, at their own expense. The presence of attorneys at hearings is not permitted as the conduct proceeding is not meant to function as a court of law, this includes any current or former practicing attorneys. The complainant and/or the respondent each is responsible for presenting his or her own case and, therefore, the “support person” is not permitted to speak unless directly questioned by the Regional Conduct Board or designee, nor to participate directly in any hearing before a Regional Conduct Board or designee other than quiet communication with the respondent that does not interfere with the conduct process. Failure to comply with these rules may result in the removal of the “support person.” One 5 minute recess may be requested during the course of a hearing if the complainant and/or the respondent wish to consult with their “support person.”
- f. Upon reasonable notification to the Executive Vice Chancellor of Enrollment and Student Affairs or designee (at least two working days prior to the hearing), the complainant and the respondent shall have the privilege of presenting written witness statements, no more than 5 double spaced pages each. The Executive Vice Chancellor of Enrollment and Student Affairs or designee may grant permission for witnesses to attend a hearing if the request is received at least two working days prior to the hearing. While in-person appearances are preferred, witnesses may appear in person, by telephone, or by videoconference, in the discretion on the Regional Conduct Board. The Regional Conduct Board and the other party shall have the right to ask questions of attending witnesses.
- g. Any pertinent materials or other written statements (10 double-spaced pages, maximum*) must be submitted for consideration to the Executive Vice Chancellor of Enrollment and Student Affairs or designee at least 2 working days prior to the hearing. Documents initially submitted at the hearing may be accepted or rejected as evidence by the Regional Conduct Board, in its discretion.
*For good cause, the Regional Conduct Board may accept evidence in support of or opposition to charges that exceed 10 pages in length, if the Regional Conduct Board determines such information is relevant and helpful to a determination of the charges.
- h. All procedural questions are subject to the final decision of the Regional Conduct Board or designee.
- i. After the hearing, the Regional Conduct Board or designee shall excuse all parties, engage in deliberation and determine (by consensus or if necessary by majority vote) whether it has been demonstrated that there was a violation of the Student Conduct Code, and if so, what provision(s) the respondent violated.
- j. The determination shall be made on the basis of whether it is **more likely than not** that the respondent violated the Student Conduct Code. All decisions of a conduct body shall be based solely upon the factual material presented at the hearing, including all witness testimony and written material submitted prior to and in connection with these procedures.
- k. Should new charges surface as a result of, or during, a conduct process, a separate written notification and hearing may occur unless the respondent consents to an admission of responsibility or submits the determination to the Regional Conduct Board based on the evidence presented at the hearing.

- I. With the exception of the deliberation phase, hearings before a Regional Conduct Board or designee shall be recorded. In certain circumstances, written notes may serve as a substitute to a recorded record. This record shall be the property of the University. Student respondents or complainants to the hearing are free to take their own notes but may not use an electronic recording device. At the discretion of the Regional Conduct Board, student respondents or complainants may request the opportunity to review the recording of the hearing under the supervision of the Regional Conduct Board. Hearing records are confidential.
2. No student may be found to have violated the Student Conduct Code solely because the student failed to appear to the hearing. However, the Regional Conduct Board or designee may, at their discretion, proceed to conduct a hearing in the absence of any respondent or complainant who fails to appear. Should there be a hearing, the material in support of the charges shall be presented and considered regardless of whether or not the student(s) attended the conduct hearing. In addition, failure to appear, without approved documented proof supporting extenuating circumstances preventing such appearance, will result in the loss of the right to request an appeal.
3. Students may opt to waive their hearing and make an admission of responsibility. In such situations, students must accept full responsibility for violations for the Code as charged, as well as any sanctions determined to be appropriate for the violation(s).
4. An individual's cumulative conduct history will not be considered until the sanction phase of the deliberations.

Hearing Outcomes

1. **Student Responsibility:** A student charged with any violation(s) of the Student Conduct Code will be found either **Responsible** or **Not Responsible** for each individual charge.
 - a. **A Student Found Not Responsible** - In each case in which it is determined that a student(s) is not responsible for a violation of the Student Conduct Code, a record of the finding will be kept on file with the Regional Conduct Board and in the Brandman University central office. The outcome of *not responsible* will not impact the student or student group's standing within Brandman University, no sanctions shall be imposed and the matter will not be reported to any external agency.
 - b. **A Student Found Responsible** - In each case in which it is determined that a student(s) is responsible for a violation of the Student Conduct Code; the sanction(s) shall be determined and imposed by the Regional Conduct Board. The student or student group will normally be advised in writing of the determination and of the sanction(s) to be imposed, if any, within 9 working days of the hearing. Failure to complete sanctions as required will result in a Conduct Hold being placed on the student's academic record. Conduct Holds may prohibit such actions as course registration, transcript processing, or diploma release.
2. **Cumulative Conduct:** A student's prior conduct history will be taken into account during the determination of appropriate sanctions for a violation of the Code. Multiple violations of the

Code during a student's tenure at Brandman University will result in increasingly severe sanctions.

3. **Conduct Sanctions:** Any of the following disciplinary actions may be imposed upon any student found responsible for violating the Student Conduct Code. There is no requirement that conduct sanctions be progressive in nature. The University may, at its discretion, impose severe discipline for a student's first code violation. Each case should be evaluated based upon its individual circumstances.
 - a. **Formal Warning** – This is a written reprimand to the student that he/she is violating or has violated the Student Conduct Code and that any future violation(s) may result in more serious sanctions.
 - b. **Interim Suspension** – A temporary separation of the student from Brandman University during the investigation and Student Conduct Hearing process.
 - c. **No-Trespassing Order** – The student will be prohibited from entering onto campus or other University Premises and/or attending University Events, and can be applied to any probation, suspension or expulsion status.
 - d. **Probation** – This reprimand is in effect for a prescribed period of time and includes the probability of more severe sanctions for any future violation(s) of the Student Conduct Code. Additional education sanctions may be issued in conjunction with probationary status.
 - e. **Suspension** – Separation of the student from Brandman University for a defined period of time, after which the student is eligible to return. Conditions for re-admission will be specified. Students may be held responsible for meeting their financial obligations to the University and may be required not to be present on University Premises and/or at University Events while under suspension. **Suspension will be noted on the student's transcript.**
 - f. **Deferred Suspension** – A suspension may be deferred by the Regional Conduct Board allowing the student to remain at Brandman University provided specified conditions are adhered to by the student. Failure to meet those conditions or further violations of the Student Conduct Code will result in automatic suspension or possible expulsion from Brandman University.
 - g. **Expulsion** – Permanent surrender of all rights and privileges of membership in the University Community and exclusion from the campus, from any University Premises and from all University Events. Students may be held responsible for meeting their financial obligations to Brandman University. **Expulsion will be noted on the student's transcript.** Students who have been expelled from the University are not eligible for readmission at any time.
 - h. **Sanctions for students not yet enrolled.** May include but are not limited to:
 - i. Admission and/or enrollment under a probationary status, additional requirements possible
 - ii. Temporary denial of admission and/or enrollment for a period to be determined
 - iii. Permanent denial of admission and/or enrollment
4. **Educational Sanctions:** In addition to any conduct status, one or more of the following educational sanctions may be imposed. These include, but are not limited to:

- a. **Academic Sanctions** – revocation of degree, holding transcripts, removal from classroom/courses.
- b. **Reflective assignments** – apology letters, research paper on an assigned topic, written responses to posed questions.
- c. **Restitution** – compensation for loss, damage or injury (may take the form of appropriate service and/or monetary or material replacement).
- d. **Service** benefiting the surrounding community.
- e. **Workshops** – decision-making skills workshops, anger management, alcohol and/or drug education or other formal coaching or counseling.

5. Other Considerations Related To Sanctions

- a. There is no limit to the number of educational sanctions that may be imposed for any single violation.
- b. Other than expulsion and/or suspension, sanctions will not be made part of the student's permanent transcript, but will become part of the student's confidential conduct record.
- c. Failure to complete or comply with all sanctions as prescribed:
 - i. May result in an Administrative Hold
 - ii. May result in further sanctions and/or more severe sanctions, until such time as full compliance of sanctions is obtained.
- d. Unless otherwise specified, all sanctions take effect upon notification of results of the hearing outcome; however, sanction deadlines may be altered pending outcome of a potential appeal. Sanctions will be tracked by the office of the Executive Vice Chancellor/Designee/Designee for Enrollment and Student Affairs.

6. Notification and Confidentiality

- a. **Financial Aid Notification** – As required by federal law, drug violations may be reported to the Office of Financial Aid, which may have repercussions on the student's future federal aid eligibility.
- b. **Complainant Notification** – At the discretion of the Regional Conduct Board, Complainants may be notified of the outcome of the case.

Appeals

1. No party may request an appeal of a decision made by the University Appeals Board (UAB).
2. Failure of the respondent to appear at the initial hearing involving the original charges without approved documented proof supporting extenuating circumstances preventing such appearance will result in the loss of the right to request an appeal.
3. There is only one appeal available for any and all sanctions imposed per incident.

4. Any party may request an appeal of a hearing outcome, but not of an appeal outcome. Appeals are not granted automatically. Appeals will be considered when the respondent demonstrates that at least one of the following grounds exists:
 - a. That there was a substantive procedural error (i.e., noncompliance with the hearing procedures set forth in this Code) that may have prohibited the hearing from being conducted fairly and that contributed to the adverse outcome being appealed. This will be reviewed by the UAB.
 - b. The facts in the case were insufficient to establish that a violation of the Student Conduct Code occurred. This will be reviewed by the UAB.
 - c. The sanction(s) imposed was not appropriate for the violation of the Student Conduct Code for which the student was found to be responsible. This will be reviewed by the UAB.
 - d. New evidence that was not available at the time of the hearing has become available, and is potentially sufficient to alter a decision or other relevant facts not brought out in the original hearing. This will be reviewed by the Regional Conduct Board.
5. A request for appeal shall be submitted in writing to the office of the Executive Vice Chancellor of Enrollment and Student Affairs or designee within 5 working days of the receipt of the written hearing outcome, must clearly demonstrate the grounds for appeal, and is not to exceed 5 double-spaced pages in length.
6. Upon receipt of the request for appeal, it will be referred for review to the University Appeals Board. A request for appeal shall be limited to review of the request for appeal, documentation associated with the initial hearing, new supporting documents and testimony (as indicated above, in 4.d.) . If the UAB determines that none of the criteria for appeal have been met, the UAB shall sustain the decision of the original hearing. If however, the UAB determines any of the conditions are found to exist or further information is needed to decide whether any of the conditions are met, the UAB may:
 - a. Hear the full appeal;
 - b. Hear only a portion of the appeal; or
 - c. Render a decision without a hearing involving the parties.
7. If deemed warranted by the UAB, the Regional Conduct Board may be requested to appear in an appeal hearing.
8. In determining whether to modify any given sanction(s), the UAB has the option to take either of the following actions:
 - a. Elect not to change any of the sanctions imposed by the Regional Conduct Board; or
 - b. Reduce the severity of the conduct sanction (the conduct sanction cannot be increased.)
9. At the discretion of the Executive Vice Chancellor of Enrollment and Student Affairs or designee, the non-appealing party may receive the appeal documentation of the appealing party. This shall occur only in the event that an appeal hearing is deemed appropriate. In this case, the non-appealing party will be offered the opportunity to submit a statement to the UAB in opposition to the request for appeal.

10. At the discretion of the Executive Vice Chancellor of Enrollment and Student Affairs or designee, the non-appealing party may be notified of the outcome of the appealing party's appeal of the case.

After review by the Executive Vice Chancellor of Enrollment and Student Affairs or designee, all appeal decisions will be final and binding on all parties and shall be given to the respondent in written form in approximately 5 working days from the date of decision.
