FINANCING YOUR EDUCATION

FINANCIAL AID
An education is a significant investment in your future. At Brandman, we want our students to prosper and have the right financial support they need during this important time in their lives. Financial aid may be available for degree seeking students who qualify.

There are many different kinds of financial aid including need based and non need based grants, loans and scholarships. To establish eligibility for financial aid, a FASFA (Free Application for Federal Financial Aid) form must be completed by the student for each year that aid is requested.

MILITARY TUITION ASSISTANCE
- Brandman offers reduced tuition rates for active duty military students, their spouses and family members seeking associate, bachelor and graduate degrees.
- Brandman is authorized to receive tuition assistance under the requirements set forth in the Department of Defense Voluntary Education Partnership memorandum of understanding.

GI BILL®
Students can utilize the various chapters of the GI Bill® to pay for tuition. Whether or not a student will have out-of-pocket costs depends on which chapter of the GI Bill® is authorized. Some chapters pay the education benefit directly to the veteran while others pay directly to the school. More detailed questions should be directed to the U.S. Department of Veterans Affairs (VA) for the most accurate answers concerning specific benefits.

YELLOW RIBBON PROGRAM
Brandman University is honored to participate in the U.S. Department of Veterans Affairs GI Education Enhancement Program, otherwise known as the “Yellow Ribbon Program,” a provision of the Post-9/11 Veterans Educational Assistance Act of 2008. This program allows degree-granting institutions of higher learning in the U.S. to voluntarily enter into agreement with the VA to fund tuition expenses that exceed the public in-state undergraduate tuition rate. The institution can contribute up to 50 percent of those expenses and the VA will match this additional funding for eligible students.
